

THE **RIGHT** *stuf*
INTERNATIONAL, INC.

SPRING 2005 ANIME CATALOG

Decisions, decisions... my life is filled with a multitude of decisions, even more than normal lately. Why, do you ask?

Well, it's because the first time in nearly ten years The Right Stuf International is moving our entire operation to a new facility.

It was hard to imagine that when we first moved into our current location we would ever take over all of our neighboring suites, but after years of growth, our current location has now become quite cramped. It was obvious that it was time to find a new home. But where to go?

After searching for some time, I located a new building about 5 miles north of our current facility - a location with a lot of potential. The remodeling has begun, and it seems as though not a day goes by when there's not some decision that needs to be made. But, the good news is - when the remodeling is complete and we move (which should be early this summer), I'll have an enormous building to fill up with all kinds of anime goodness. Our employees will have a great place to work and, we'll have lots of capabilities we've never really had before. We're even looking into options on expanding our current product lines!

Meanwhile, we still need to take care of business! In your hands is our latest and greatest catalog, chocked full of the newest and most popular anime, manga, and related merchandise. Every year you'll notice that we continue to strive to meet the demands of the customers and to bring you something just little bit different. Last year we added the "Staff Picks" and unveiled a brand new section just for anime bags. This year you'll see our staff's latest suggests for the "must haves" of the season and we've added a special Plush section! All your favorite loveable toys in one place.

Always keeping the family in mind, we've continued to segregate all of the adult items into an easy to remove perforated section. If you're not interested in these products, please simply rip out and discard this portion. For those of you who enjoy hentai, you'll find that we've expanded the number of adult games that we carry this year and now even have a Games/CDROM section of the adult catalog.

Of course, the products in this catalog can't come close to our entire product (if we tried to stuff everything in a catalog it would be the size of a phone book!). So if you're looking for something else, or just want to see everything anime under the sun, I invite you to visit our web site at www.rightstuf.com. Even if you don't see what you might be looking for today, new items are added almost every day so make sure to keep checking back!

Well that's all for now. As we get closer to the completion of the remodel, I'll post some pictures and let you know when we will actually be moving. In the meantime, please remember that we're here to help - and we value your business!

Best regards,

Shawne Kleckner

Kumagoro!

When we first licensed Gravitation, I had hoped that we'd be able to immediately start producing merchandise for the show. However, as industry insiders will tell you, licensing a show does not automatically entitle you to merchandise or soundtrack rights for that show; so we started negotiating. Now, working with Japanese companies

to acquire licenses takes a lot of patience. It can take months or even years for Japanese company to even consider allowing an U.S. company to license something.

So once we were finally able to reach an agreement, we launched immediately into production of the one item I wanted to make the most: Ryuichi's Kumagoro (that's "Mr. Bear" in the English version). The production of a plush isn't as easy as it sounds, especially when you have the intimidating prospect of having it scrutinized by both the

producer of the show and Maki Murakami herself (that's the author of the manga which inspired the show).

Not to be daunted, we launched into production and began to search far and wide for an experienced quality toy manufacturer. After all, if Right Stuf is going to do something, we want to make sure it's done right! Once we located our manufacturer, we started what is known as the "prototyping" phase. This is where you send tons of sketches and images to a skilled designer, so that they can get an idea of what you want, and turn it into reality. The first prototype version looked, well, sorta like a mix between a rabbit and a dog. It sort of reminded me of something you might find at a street carnival. You can see what I mean in the pictures to the right. It definitely wasn't Kumagoro, but we had a lot faith in the people we were working with. They set back to work and within a couple more rounds of changes we had him - Kumagoro was finally real!

Think he looks good in the pictures? You should play with him in

real life. He's totally true to scale as seen in the show (he's 14" tall, 6" wide and 5" deep). Plus he's soft, floppy, and absolutely so cuddly that you'll never want to put him down. It was very, very hard for me to give up my sample and send it to the Japanese to review. But it was worth it - I am happy to report that Ryuichi's favorite loveable, huggable Kumagoro has been approved by our Japanese licensor, and is now available for pre-order! (See the plush section for details.)

I sincerely hope that you enjoy him! If there's a special something that you'd like to see, drop us a line at info@rightstuf.com. You never know... you might see more of your favorite Gravitation characters soon!

Piano

..the melody of a young girl's heart...

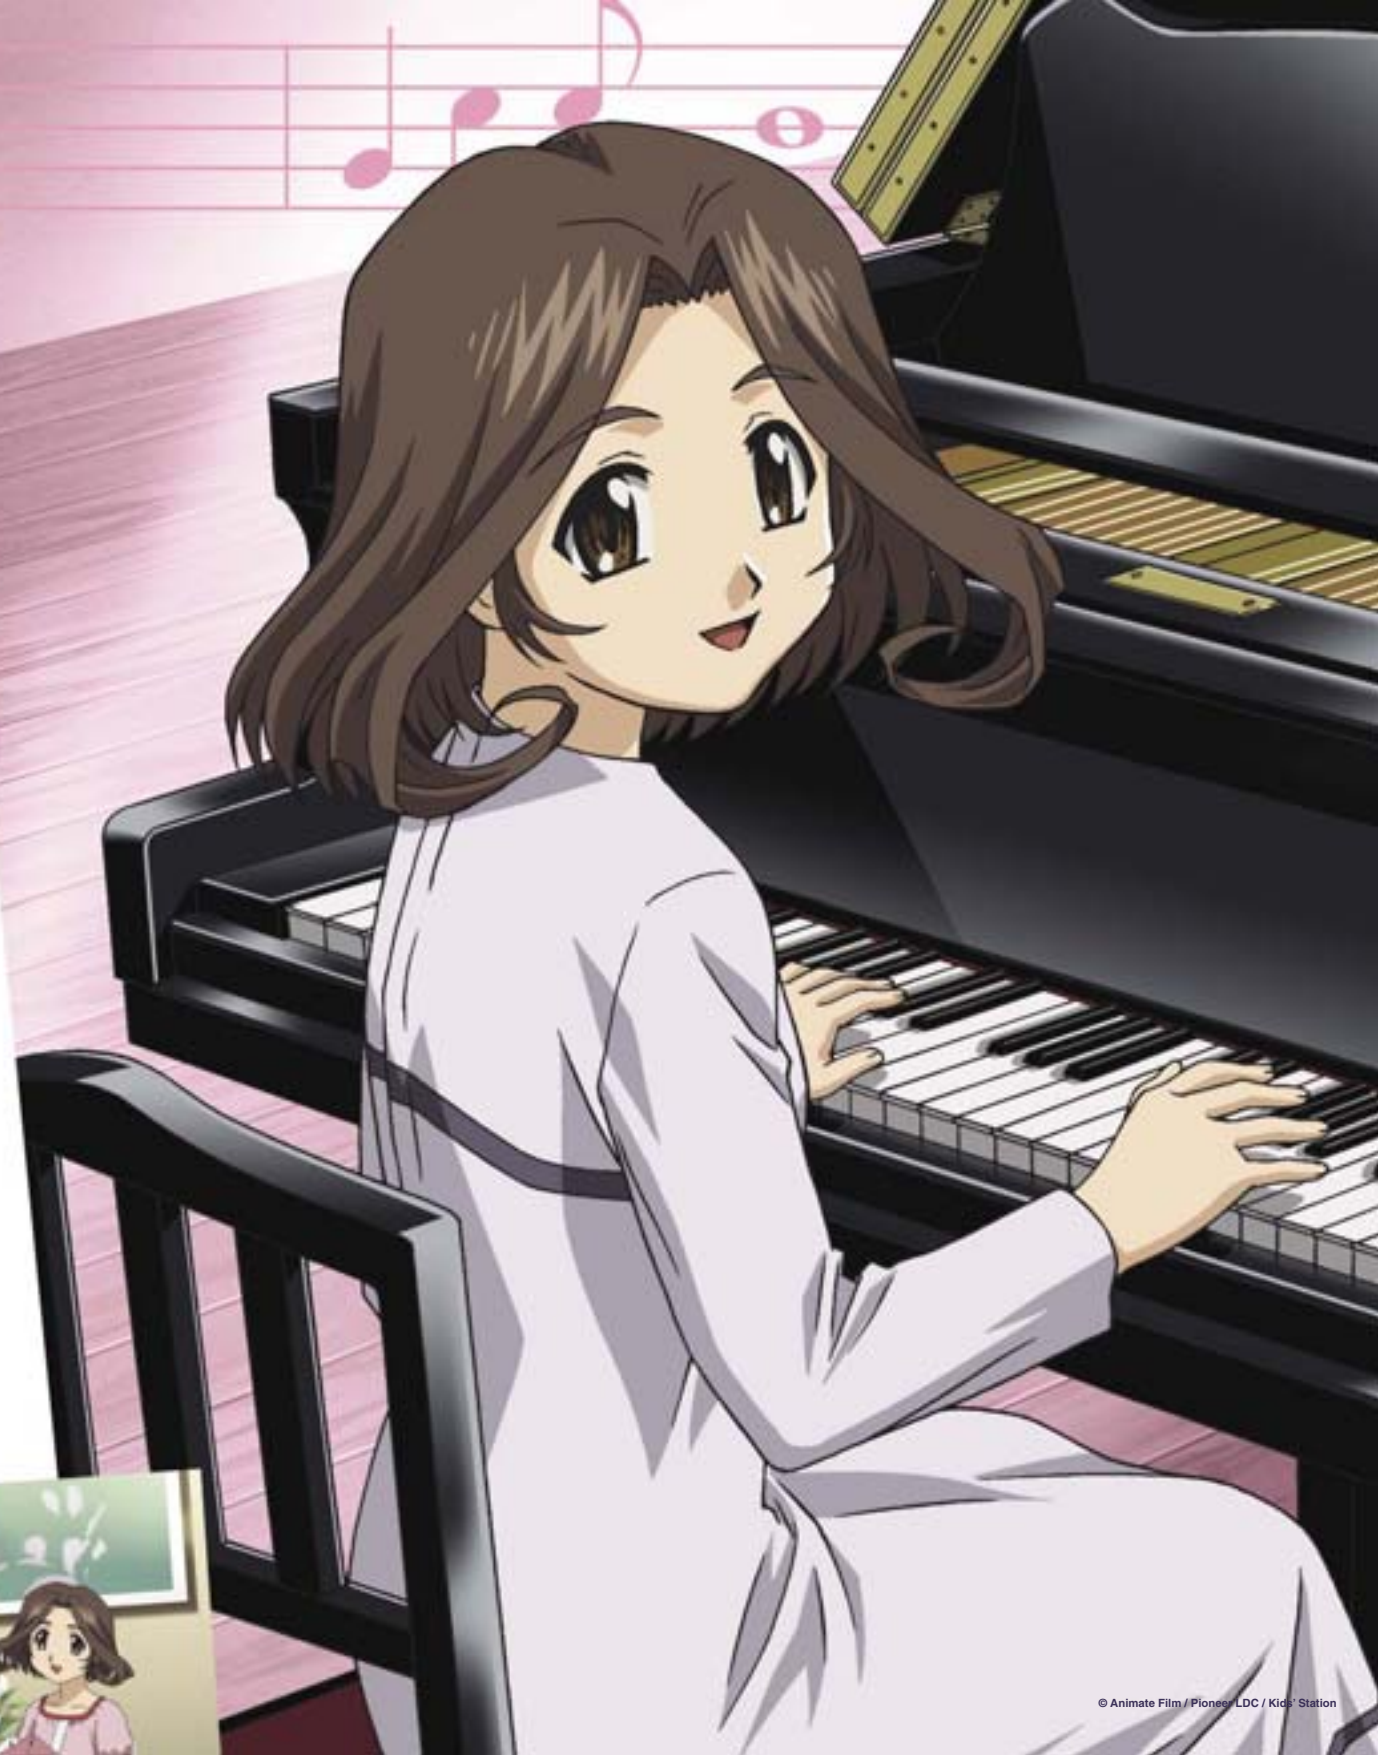

In 2004, a small show came to our attention called Piano. It was different from a lot of the anime titles that were on the market at the time - there were no giant robots, no aliens or spaceships battling it out, and there wasn't a gaggle of girls chasing after a single "unlucky" guy. Instead it took a different route - reality. No, not the depressing reality TV you see plastered everywhere these days, but the gentle, touching reality of a young girl's first crush.

Piano follows the life of one very shy middle-schooler named Miu Nomura who used to love to play the piano when she was little. Like a lot of us who take up things we "love", over the years her passion has turned into a dedicated monotonous routine. Although she continues to practice, her heart simply isn't in it anymore. It's only when she first begins to take notice of an upper-classman by the name of Takahashi that things begin to change...

But this show is more than just another tale of first love. It's about the deep bonds of friendship that are always there for you no matter what happens. It's about the unconditional love of family who will always be there for you, and the soft support of those special mentors in your life that can push you in new directions. Above all, Piano is a story about finding the courage to take those first steps into a larger world, and about learning to open your heart to others.

I really hope that you will share Miu's heartwarming journey and unlock the music hidden deep within your heart as well.

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on our staff's knowledge of each title's content, as well as input from the various anime suppliers.

ALL

Generally acceptable for children. No Nudity. Possibly mild violence.

12+ 13+

May contain violence, brief nudity, and/or mild language. May suggest sexual situations, but no situations are shown. Parental discretion advised.

15+, 16+, 17+

Strong violence and strong language. Prevalent Nudity may be contained within the picture. Mild sexual situations may be shown.

18+

Extreme violence, Explicit Nudity, and/or Extreme Language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are oftentimes provided by the manufacturer of the product. Because of the differences in ratings used by these companies, we have combined their systems, with the descriptions of the ratings listed above. Right Stuf does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only, and are subject to change.

Running Time / Video Length

Next to the age rating of each item, you will see the approximate running time listed for each video. Depending on the manufacturer, running times may or may not include extra bonus features such as previews.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) they must often be edited. This means that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognized this and often release both the Edited (TV Version) and the Uncut (Original Version) of the show.

Closed Captioning (CC)

While most DVDs these days have subtitling, not all have Closed Captioning (CC). For those titles which we know have this feature, we have listed CC in the line containing the item's part number.

DUB ONLY? SUB ONLY?

Although DVDs allow for the possibility of dual language anime, it is not always possible to license a title for dual language release in the States. So, you end up with manufacturers releasing Subtitle Only (SUB ONLY) or English Dubbed Only (DUB ONLY) DVDs. Subtitled DVDs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music (probably) is intact, but the voices have been redone in English. In our online system, you will note that subtitled is represented by (S) and dubbed is represented by (D). You might also see (Hyb) which means that both the subtitled and dubbed versions are available on the same DVD.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed for the item. However, manufacturers can (and often do) change these release dates due to production delays. If you are ordering an item with a release date and are concerned whether this item is on schedule, please feel free to check the item's release date through its online listing, contact customer service at 1-800-338-6827, or even email customer service at info@rightstuf.com.

Mosaic

The digital "mosaic" effect is sometimes placed over the relevant bits during a particularly adult sequence prior to the title being exported from Japan. When we are aware that a particular volume or title has this effect, we'll mark it as Mosaic in the volume listing.

OVA (OAV)?

This means Original Video Animation. In normal terms, this means a direct to video release.

Essential Anime / Geneon Signature Series

On certain DVDs from ADV Films and Geneon Entertainment, you will see them marked as "Essential Anime Edition" or "Geneon Signature Series". These are re-releases of the original DVDs at lower prices. However, these new versions may or may not include all of the features that were found on the original release. If you are concerned that the DVD you are considering buying might not contain the features that you're looking for, please feel free to contact Customer Service or check the item's listing through our online store.

GENERAL

Why do you charge for your catalog?

Unfortunately, paper does cost money. In order to keep producing a printed catalog, this means that we have to charge a small fee for it (but don't you think it's worth it)? However, you can get your money right back by using the \$4 off coupon on page 109! (Not to mention the tons of other great coupons back there.)

Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs (and you will have to send us the current catalog fee to reactivate your catalog status).

When does your next catalog come out?

Why, every spring and fall!

Where are the Adult products?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure the younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been placed in a special section just for adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not mean that all items in the regular sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

What's this "Got Anime" thing?

An easy way to get an additional discount on your favorite anime items. For a small yearly membership fee you get additional discounts, a Got Anime bumper sticker, newsletters and members only specials! Read more about the Got Anime Purchasing Club on page 8. Please note that international members of the Club will no longer receive mailings, due to postage cost.

Memberships are non-transferable, and will remain with the billing address of your account. If you move, please make sure to contact us with your updated information, so that we can update your membership information.

Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. We are continuously scouring the market to find a stable way to bring imports to our customers and hope to do so in the future. Please check our website (www.rightstuf.com) for the latest news on imports.

Why don't you have <Title Here> Audio Soundtrack CD from Japan?

Um...I know I'm getting bad at geography, but I'm pretty sure that's an import - see above question regarding imports. You also might want to check our Soundtracks section because a number of titles are now being released domestically.

I really want to learn Japanese...

What resources do you have?

There are a couple of books in the catalog, which might be of interest - such as "The Anime Companion" and "Japanese the Manga Way." The Internet is also an excellent resource and you might check with local school districts and community colleges to see if they have any courses available.

CUSTOMER SERVICE

How can I contact you?

Contact us day or night 7 days a week:

On the Web: www.rightstuf.com.

By E-Mail: info@rightstuf.com

By Fax: (515) 252-0555 (Please use FINE mode)

By Mail:

The Right Stuf International
PO Box 71309
Des Moines, IA 50325.

Our friendly Customer Service department can be reached by phone 8am to 5pm Central Standard Time (CST) Monday through Friday at:

By Phone: Domestic (US): 1-800-338-6827
International: (515) 252-6116

Please don't email your order, it's very unsecure and someone could steal your credit card number.

Can I get a new order form?

You can give us the information on the form or on any scrap of paper. As long as we can read it, you are fine (hieroglyphics just wasn't our specialty in any life). You can also print one from our online pdf at: www.rightstuf.com/orderform

How can I check on my order?

If you placed your order through our online store (www.rightstuf.com) you can check your order status when you login. Otherwise, simply call our friendly Customer Service people at 1-800-338-6827 or email us at info@rightstuf.com.

How long is a typical item "out of stock" for?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan, and may be in short supply even there, and should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use my coupons for an online order?

Yes, you can. Simply use the Coupon Code that is on your coupon when you place your online order. You can only use one coupon per order and only one catalog coupon per customer.

Can I order online Daily Deals or Special Pre-Order Discounted items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com and if you check in often enough, you might find some amazing deals online!

How many coupons can I use with my order?

You can only use one coupon per order and some coupons can only be used through our online store. Please see coupon details for specific restrictions.

Do I need to add sales tax?

Only if you happen to live in Iowa.

If I move, should I inform you?

Certainly a good idea (Right Stuf would be the FIRST notice I'd send if I were you), especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address, and your new address, so that we can update our records.

MAIL-IN ORDERS

I went to your online store and I wanted to order, but I don't have a credit card? Help!

Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!) Just print this form and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system so make sure that you don't lose your form or you'll have to re-enter everything all over again! Please note that online coupons are not valid on mail-in orders.

I saw a coupon on the internet, can I use it?

Some coupons and short term deals, such as "Shawnee's Daily Deals", can only be used through our website and cannot be honored for mail-in orders. This is generally due to specific date or manufacturer requirements which cannot be imposed on mail-in orders. Please review the specific restrictions of the coupon to see if it can be applied to your mail-in order.

I saw a special deal / daily deal on the website, can I put it on my mail-in order?

See coupon explanation above.

Why do you hold my order when I pay by check?

Even with all this cool technology, not all banks are utilizing Check21, and so checks can still require at least 18 days to clear. In a perfect world, this would not be so.

What's this NSF charge?

"Non-Sufficient Funds" means, in English, your check bounced. This is bad. We will charge you for this. There is a \$25 charge for all returned checks.

PAYMENT METHODS

Do you take Discover / VISA / MasterCard / American Express ?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships. Unless there's some freaky deposit problem, that's the only time.

I'm an international customer.

What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we felt it was better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. For first time orders only, we require a copy of some form of address verification which shows your address along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes you may black out one set of digits. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information. This policy only affects first-time international customers; however, should your address or credit card information change, we will re-request this information in order to protect you and to update our records. This policy is in place to help keep credit card fraud to a minimum and to ensure that our customers have the utmost security when ordering with our company.

SHIPPING

How long does it take to ship an order?

From the time we receive the order and place it in our system, standard processing time to ship it is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Then standard processing time goes into effect.

What are your methods of shipping?

Please see our order form for details and prices.

Are there any other shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

How much is shipping for prepacks/box sets?

Shipping is simple: use the amount for a SINGLE item.

I'm not at home during the day.

Can you ship to my office?

Certainly (in fact, we prefer to do this to ensure that you actually get your stuff), but please give us all the information that you can, including the name of the company, so that your friendly delivery person can get your package to you. We require that you include the business' name in the address. We are happy to work with you to get the product to you as quickly as possible. Unfortunately for American Express cardholders, American Express' own restriction policies will not allow this. You could also choose to have the product shipped to you by mail instead. Please note, this policy applies only to our domestic customers; for International customers, we must ship to the billing address on your credit card.

I chose express delivery and my order still took 2 weeks to arrive. What's up with that?

You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock on the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of tape / My order was seized by the border ... what now?

Sorry. Please consult with the postal authorities of your country prior to placing an order for adult items. We will not be responsible for seized shipments, and cannot provide refunds for seized products.

RETURNING MERCHANDISE

When I got my <insert title here>, it was bad. What do I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs and VHS can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/requestform

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available. Should an item have accidentally been shipped to you which you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include <special item>, but mine doesn't have it!

Unfortunately, we have no control over what the manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. However, should the item not be in your DVD, we would suggest that you contact the manufacturer directly. Of course, we are always happy to forward your request on for you!

PRODUCT INFORMATION

I saw this show that I think might have been Japanese Animation. Do you have it?

We get questions like this all the time in the company email box. If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a

sword who has big hair, and a villain who wants to take over the universe, and I think there are some cat girls in it" there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't mean that it's available in the US as a licensed product, but it's likely that it is.

Why isn't <title here> available in the US?

You might be surprised to find out how much of anime is available in the US. Of the few titles that remain unlicensed, some titles have their rights disputed, or licensors want more money than a title can possibly generate in this market, and, of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell fan subs of non-licensed products, or pirated copies of licensed tapes.

Can I special order items not on the website?

Simply put. If it isn't on our website, we can't get it.

What are some good shows for children?

Although this is truly a matter of personal preference, we recommend Totoro, Kiki's, Pokemon, Kimba, Flint: Time Detective, and Astro Boy for young anime fans. You might also consider the Sanrio titles like Hello Kitty. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless adult anime you offer?

That really depends largely on the person you ask. Some would say Cool Devices and Night Shift Nurses, others Love Doll and Bible Black. These titles are certainly not for the squeamish, and are most definitely only for adults. Look for them in the Adult catalog.

DVD SPECIFIC

What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allow for licensing of specific materials within different areas, or Regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region as your player.

What region is your DVD player?

If you purchased your player from a retail outlet in the US, it should be Region 1. You can check the Region coding on your DVD by looking for the Region Code symbol on either the silkscreen or the packaging.

Region Coding List:

- 1 - United States of America, Canada
- 2 - Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
- 3 - Korea, Thailand, Vietnam, Borneo and Indonesia
- 4 - Australia and New Zealand, Mexico, the Caribbean, and South America
- 5 - India, Africa, Russia and former USSR countries
- 6 - People's Republic of China

What Region are your DVDs?

We primarily carry Region 1 Discs. However, we do have a small handful of DVD titles that are multi-region and even Region-free. We've tried to mark them where possible.

Why is THIS DVD better than THAT DVD?

Like many things, it's the talent of the people who did the mastering. Although the format supports a very high quality image, the preparation of the material determines how good the final will actually look.

Can my DVD play in a Playstation 2?

It depends on the DVD. There have been instances of some DVDs having difficulty playing. While the vast majority will work just fine, we cannot guarantee all anime DVDs will play correctly on a PS2.

Cardcaptor Sakura

Sakura is a shy grade-schooler who stumbled across a powerful secret... While rummaging around in the basement, she found a mystical book called "The Clow", filled with magical creatures in the shape of cards. But when she opened the book, all the cards escaped! So now, it's up to Sakura, along with Kero (the cards' adorable - and somewhat lazy - guardian), to collect all the Clow Cards and set things right once again! SHIPPING INFO:

Please allow 2-6 weeks for delivery. It will almost certainly be closer to 2 than to 6 weeks, but we like to err on the side of caution. Shipping confirmations are often sent via e-mail, so make sure to include your e-mail address!

Please make sure that there is someone at the address we are shipping your product to who can sign for your package. If someone will not be available at your home, consider having the package shipped to your work address (include your company name). If your package is returned to us, we will charge you additional shipping to reship it.

Express shipping means that your order will be shipped via 2 Business Day UPS. Actual shipment time can vary based on whether the item(s) is in stock at the time we receive your order. If you need your order as soon as possible, please consider placing your order over the phone (800-338-6827) or through our secure online store (www.rightstuf.com)

Preorder release dates can (and often do) shift about without the manufacturer informing us. If you are concerned about your preorder status, please contact customer service at any time or check the latest information on product updates on our website (www.rightstuf.com).
